COMMUNITY ACTION IS IN OUR DNA.

Success Plan Update
October 2022

LIBERTY COMMUNITY SERVICES

Liberty began as a group of people who raised our hands to help our neighbors in an awe-inspiring response to the AIDS epidemic in the early 80's. Much has changed since those times, but not **our commitment to do everything we can for those in our community most in need.**

We aren't deterred when the challenges seem too great. We always look to our people and mission to guide us.

As one of our partners shared,

"When others run away, they run toward."

LIBERTY COMMUNITY SERVICES

During this crisis we have invested time in learning from our community to plan for the now and the future.

We are humbled that you identify Liberty's contribution as essential to care for our community.

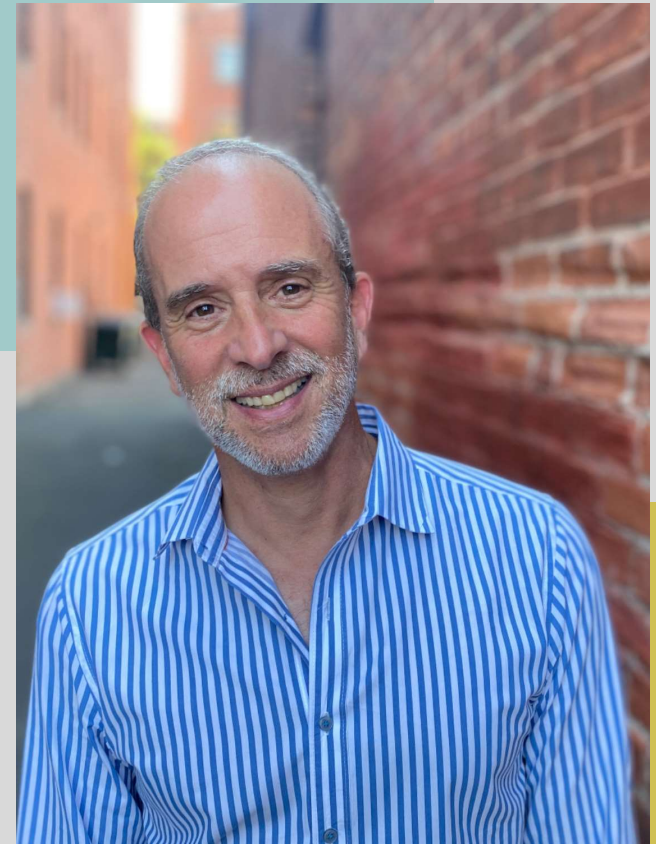

Continuing requires Liberty to again evolve to be our best self.

LIBERTY COMMUNITY SERVICES

We have identified that success means:

- Strengthen our commitment to equity
- Ensure our values are at work every day
- Secure revenue that finances effective services and a healthy organization
- Opportunities for alliances to amplify our impact and sustainability

We have every reason to believe that we can deliver on our promise that no matter the changes and challenges, *we will innovate, partner, take leadership, and work with the people we serve* to end homelessness and achieve a high quality of life.
